

**State Regents for Higher Education**

Chancellor Glen Johnson

Lead Financial Officer: Amanda Paliotta

Mission Statement:  
To build a nationally competitive system of higher education that will provide educational programs and services universally recognized for excellence, expand frontiers of knowledge and enhance quality of life.

What Changes did the Agency Make between FY'13 and FY'14	
1.) Are there any services no longer provided because of budget cuts?	No services were cut. Decrease in personnel costs through attrition; decreases in equipment purchases and renegotiated contracts.
2.) What services are provided at a higher cost to the user?	N/A
3.) What services are still provided but with a slower response rate?	N/A

Is the agency seeking any fee increases for FY'15?		\$ Amount
Increase 1	The Oklahoma State Regents are not seeking any agency fee increases in FY15.	\$0
Increase 2		\$0
Increase 3		\$0

Federal Government Impact
<p>1.) How much federal money received by the agency is tied to a mandate by the Federal Government? No federal mandates</p> <p>2.) Are any of those funds inadequate to pay for the federal mandate? No</p> <p>3.) What would the consequences be of ending all of the federal funded programs for your agency? Loss of 21 FTE positions, loss of access grants for adult student population, and services to counselors, students and parents for college readiness.</p> <p>4.) How will your agency be affected by federal budget cuts in the coming fiscal year? Potential FY'15 impacts to the Oklahoma College Access Program (OCAP) are currently being evaluated.</p> <p>5.) Has the agency requested any additional federal earmarks or increases? No Federal earmarks have been requested.</p>

Division and Program Descriptions
<p><b>Oklahoma Complete College America Initiative</b> The highest higher education priority is the Complete College America Initiative. Complete College America is the most comprehensive and ambitious higher education initiative ever undertaken by the State of Oklahoma. The goal is to increase the number of degrees and certifications earned in Oklahoma by 1,700 per year for 12 years, resulting in a 67% increase by 2023. CCA is part of a unified economic policy that involves the Governor, post-secondary education, and business and industry. Working through the CCA leadership team and key cabinet officials, the call has come from the Governor for these priorities to be central to job creation and workforce development now and in the future. The CCA and National Governors' Association's Complete to Compete action plan is an acceleration of efforts to make significant improvements to two critical segments of the educational pipeline in Oklahoma: (1) restructuring remedial and developmental education, and (2) developing accelerated degree completion options. Undergirding all of these efforts is Oklahoma's revised Performance Funding Formula that utilizes appropriate components of the State and campus level CCA and NGA metrics that reflect these new priorities by measuring improvement in outcome measures.</p>
<p><b>State Regents Administration</b> The State Regents prescribe academic standards of higher education, determine functions and courses of study at state colleges and universities, grant degrees, recommend to the state Legislature budget allocations for each college and university, and recommend proposed fees within limits set by the Legislature. In addition to oversight of the system, this Agency is also responsible for the management and administration of state financial aid, scholarship programs and Onenet.</p>
<p><b>Universities, Colleges and Constituent Agencies</b> Beginning in FY'13, Institutions of Higher Education are receiving all new funds, over and above their base, from a new Performance Funding Formula. The new Performance Funding Formula measures each institution on a set of performance measures. The improvement in performance measures are then calculated to determine the percentage of new funds an institution will receive. Performance measures used in the new Performance Funding Formula are: 1) Campus Degree Completion Plan, 2) First Year Retention Rates, 3) Pell Grant Retention, 4) 24 Hour Course Passage, 5) Graduation Rates, 6) Complete College America Degree Target Goals, 7) Number of Certificates/Degrees Conferred and 8) Maintenance of Program Certification.</p>
<p><b>Endowed Chairs</b> Created in 1988, the purpose of the endowed chairs program is to support the establishment of faculty chairs and professorships to improve the quality of instruction and research at colleges and universities in the state system. In 2012, the Governor and Legislature transferred \$146.9 million to Higher Education that provided state match to establish chairs, professorships and lectureships at higher educ. institutions. Over 988 slots have been funded and there are approximately 524 waiting to receive state matching funds (\$145.9).</p>
<p><b>Academic Scholars</b> The purpose of this program is to encourage the state's and nation's best students to attend higher education institutions in Oklahoma. Students qualify for the program by receiving an official national designation or must be nominated by a higher education institution. The program provides \$5,500/year to students attending OU, OSU or the University of Tulsa; \$4,000/year to students attending an Oklahoma four-year institution or \$3,500 for students attending a two-year institution. In order to remain eligible for this award, students must maintain a 3.25 GPA and attend 24 hours of courses a year.</p>
<p><b>Oklahoma's Promise - Oklahoma Higher Learning Access Program (OHLAP)</b> This program's mission is to provide tuition assistance to students who might not otherwise attend or complete a secondary degree. Qualifying students in families who earn less than \$50,000 annually receive free tuition assistance to any public or private higher education institution in Oklahoma for up to five years. To qualify, students must enroll by the tenth grade, satisfactorily complete a college preparatory curriculum, must maintain a high school GPA of 2.5 and refrain from unlawful behavior. Students are also subject to second family income check at the time the student enters college, at which time the parents income may not exceed \$100,000. In college, students must achieve a minimum college GPA of 2.0 for courses take through the sophomore year and a minimum 2.5 GPA for courses taken during the junior year and thereafter.</p>

**Adult Degree Completion Program**

The Adult Degree Completion Program is designed to enable people with at least two years of college to return to school to complete their degree. The Curriculum will be structured to provide a flexible and accelerated schedule to meet the needs of working adults. The first "semester" occurred in March 2007 and by 2013, the program has over 300 majors and has graduated 714 students. In September 2010, the statewide collaborative associate degree programs were approved and by January 2011, the community colleges will reengage students who started and did not finish their associate's degree.

**Cooperative Alliances**

Under this program students at 29 of the State's Career Tech schools can be eligible to gain college credits immediately for technical education classes. These alliances between the State Regents and the State Career Tech System provide a cost effective way for students to gain improved quality courses and be encouraged to pursue college. The alliances also have potential to reduce remediation needs of incoming students.

**Concurrent Enrollment**

This program provides tuition waivers to qualified high school seniors who take up to six college credit hours at a state institution. Through this academic year, 69,594 (dup.) high school seniors have taken 317,350 tuition-waived credit hours.

**GEAR UP**

The State Regents have been awarded three successive GEAR UP grants. The current grant provides Oklahoma \$34.9 mill in federal funds over 7 years. The goal of GEAR UP is to significantly increase the number of students from low-income communities who are prepared to enter and succeed in postsecondary education. GEAR UP uses multiple proven strategies including professional development activities for educators to increase academic rigor and create a college-going culture in schools; leadership training to help parents become active partners in their local schools; and dissemination of a broad array of college access and financial aid information throughout the community.
